BROLO

LIVING AND DINING ROOM

It's white high gloss. It's geometric. It's asymmetric. With the optional lighting added, it's electric. Above all, it's contemporary and uniquely stylish. Designers of the Brolo range have taken a refreshing approach to furniture, with each piece in the collection being not only perfectly functional and serving an important purpose, but also being intrinsically attractive – a conversation piece, a focal point of any room, as near as furniture can be to pieces of art while still being completely practical.

STYLISH, ORIGINAL, AND MODERN

A modern design for a modern marketplace

Wood, high gloss, and bold geometric styling makes this a distinctive and quite unique collection which will appeal to anyone with modern tastes and an eye for upcoming trends.

ZINGARO

LIVINGROOM

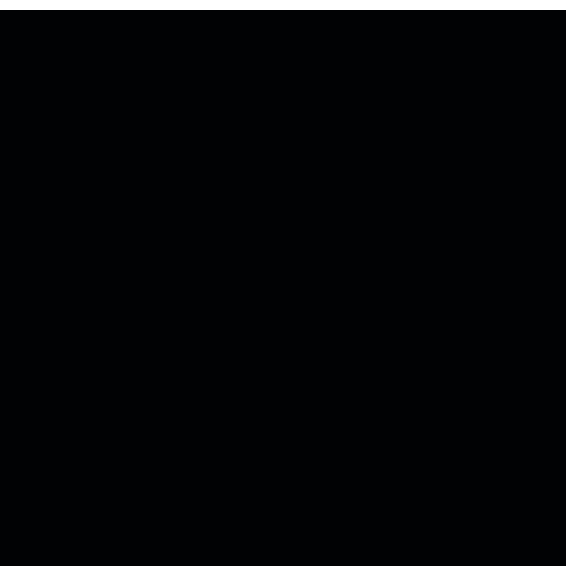

The light/dark combination of this range ensures that each piece is as bold as it is practical. This range with a theme of quirky asymmetry, Zingaro is charming in part because designers have dared to experiment with both a stark colour contrast and the boxy, irregular shapes. The coffee table in particular is a prime example of this with the base storage unit being an almost separate entity to the display surface.

FUSES LIGHT AND DARK

Cool, contrasting, contemporary

Alpine white and a dark slate grey contrast and compliment each other perfectly to give this collection a contemporary and eye-catching aesthetic.

Dining room

DINING ROOM CHAIRS

Traditionally in the UK, the dining room was a place where families would get together on a Sunday, or for special occasions. This room has now become more functional, and a real place where families can gather and discuss 'life', or share the day's events. Our stunning ranges of extending tables, are complimented by our modern chairs, combining practicality with comfort.

ANGEL

KIDS ROOM

This range is contemporary and stylish. We have developed a cot, with under drawer storage, combined with a variety of cabinets, makes the room ideal for a small child. The accompanying furniture can also be used as the child grows. White oak melamine gives a contemporary look to this line, especially paired with the geometric, handle free shapes. There are many items to choose from, the matching bed includes a storage drawer strong enough to take a spare mattress and the desk unit with optional top can satisfy the needs of any student.

WARM INTERIOR WITH A TOUCH OF HARMONY

White crafted oak

The white crafted oak melamine with grained finish is hard wearing and stylish, with easy glide draw runners and adjustable door hinges adding to the practicality. Gently rounded MDF moulding's add a decorative flourish.
